About the Role

Novartis is seeking a highly qualified Clinical Development Medical Director - Renal **80-100% to join our exceptional team in Switzerland or the UK. As a world-class pharmaceutical company, Novartis is dedicated to improving global health through groundbreaking research and innovative solutions.

Responsibilities:

- Lead the clinical development activities for renal disease therapeutic area, ensuring flawless execution of clinical trials.
- Collaborate with cross-functional teams to design and implement clinical development plans.
- Provide medical expertise and guidance throughout the clinical development process.
- Successfully compete clinical trial protocols, investigator brochures, and informed consent forms.
- Determine appropriate safety monitoring and risk management strategies.
- Ensure compliance with all applicable regulatory and ethical guidelines.
- Contribute to the preparation and submission of regulatory documents.
- Analyze and interpret clinical trial data to support decision-making.
- Participate in scientific conferences and present clinical trial results.

Requirements:

- Medical degree and experience in Nephrology or a related field.
- Proven experience in clinical development within the pharmaceutical or biotech industry.
- Strong knowledge of renal diseases and related therapies.
- Excellent understanding of clinical trial design and execution.
- Exceptional communication and interpersonal skills.
- Ability to work effectively in a cross-functional and multicultural environment.

- Strong leadership and project management abilities.
- Proficiency in English, both written and spoken.

Novartis offers a unique opportunity for a CDMD to contribute to innovative research and make a significant impact on patients' lives. Joining our team means working with individuals who demonstrate exceptional problem-solving skills and a dedication to collaborative work in a dynamic and driven environment.

At Novartis we are committed to fostering diversity and inclusion. We are an equal opportunity employer (EOE) and value the contributions of individuals from all backgrounds. We strive to provide a work environment that promotes fairness, respect, and equal opportunities for growth and development.

We also understand the importance of reasonable accommodations and adjustments for individuals with disabilities. If you require any accommodations or adjustments throughout the application process, please let us know, and we will ensure that your needs are met.

Join a leading organization committed to revolutionizing healthcare through advanced research and inventive solutions. Apply today and contribute to our impactful work!
