

Sr. Medical Science Liaison, ASCVD

Job ID
REQ-10020511
Sep 05, 2024
South Korea

Summary

- Internal Role Title: Senior Field Medical Lead, ASCVD
- Location: Seoul, Korea #LI-Hybrid
- The FML is responsible for scientifically engaging, collaborating and aligning with a broad range of external stakeholders to co-create value, address identified patient needs and ultimately change the practice of medicine for better patient access and outcomes. They leverage the right evidence at the right time during their engagements, and identify insights and opportunities that impact and inform the Integrated Product Strategy (IPS), Integrated Evidence Generation Plans, launch excellence roadmap, Patient Journey and medical strategies. FMLs also contribute to innovative partnerships and implement relevant disease area strategies. They will act as a strategic scientific partner, and collaborate with other Field matrix colleagues (e.g. Value/Market Access, HEOR, clinical research colleagues) to ensure Novartis can support healthcare systems strengthening & improve patient access and outcomes.

About the Role

Key Responsibilities:

- Engage with Medical Experts (MEs) to educate on medical/scientific information
- Ensure appropriate identification/mapping of MEs/ Key Accounts including identification of opportunities to involve MEs when a specific medical need is identified to provide support
- Develop and execute ME engagement plans to effectively prioritize and strategically engage MEs aligned with country strategy .
- Respond to unsolicited requests for information from MEs
- Support Novartis clinical research programs, optimize trial execution and provide scientific educational support to potential and actual study sites in collaboration with clinical operations.
- Facilitate Investigator Initiated Trial (IIT) process upon investigator request
- Serve as a medical resource to field matrix colleagues

Essential Requirements:

- At least 2 years of relevant medical affairs experience in pharmaceutical industry

- New product launch experience is a big plus
- Prior experience of CV & Metabolism portfolio is a big plus
- Strong resilience against unexpected situation with flexible attitude and mindset
- Understanding the MOA of pharmaceuticals, clinical trial design, and results, and confidence of being a scientific expert in the field
- Solid communication skill in interacting with HCPs
- Cross-functional collaboration skill

You'll receive: You can find everything you need to know about our benefits and rewards in the Novartis Life Handbook. <https://www.novartis.com/careers/benefits-rewards>

Commitment to Diversity and Inclusion:

Novartis is an Equal Opportunity Employer and take pride in maintaining a diverse environment. We do not discriminate in recruitment, hiring, training, promotion or other employment practices for reasons of race, color, religion, gender, national origin, age, sexual orientation, gender identity or expression, marital or veteran status, disability, or any other legally protected status. We are committed to building diverse teams, representative of the patients and communities we serve, and we strive to create an inclusive workplace that cultivates bold innovation through collaboration and empowers our people to unleash their full potential.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>
