## Summary

Helping people living with disease and their families takes more than innovative science. It takes a network of bright minds sharing ideas, insights and perspectives. It takes a team of people like you.

Ready to be part of reimagining medicine? Join us as a Portfolio Account Specialist and see how your achievements can change lives all around the world.

We are seeking a Portfolio Account Specialist to join our Immunology team. Reporting to the National Portfolio Manager, you will be responsible for strategically managing an Immunology portfolio in South Australia on a part time basis (3 days per week). This role involves developing partnerships with stakeholders in the healthcare ecosystem to create value for the healthcare system, patients, and Novartis.

We are looking for individuals with a growth mindset, a competitive spirit, and a willingness to take smart risks. This role offers an excellent opportunity to work alongside a passionate team focused on improving patient outcomes.

## About the Role

- Drive sales and promote the portfolio of products in designated key accounts to achieve commercial goals.
- Develop detailed account and territory plans based on insights.
- Execute a customer engagement strategy and account action plan.
- Build relationships with key customers to identify growth opportunities and overcome barriers.
- Deeply understand the market, customer and patient journey, competitive dynamics, and brand impact on the healthcare system.
- Facilitate joint solutions with multiple stakeholders focused on patients.
- Prioritise customers and tactics based on potential and business objectives and provide customer insights to the cross-functional team and assist in developing solutions.
- Plan and facilitate speaker meetings in compliance with governance requirements.
- Collaborate with Agile teams to deliver key tactics.
- Spend time with key customers and regularly review stakeholder mapping.
- Accurately record interactions in the CRM system.

Your Experience:

- Extensive knowledge of the SA healthcare system

- Experience in key account management and strategic thinking.
- Pharmaceutical sales experience.
- Ability to interpret clinical data.
- Resilience under pressure and ability to influence cross-functional teams without direct authority.
- Ability to navigate complex healthcare environments with a strong prioritisation and flexibility in changing course as needed.
- Competence in influencing and negotiation and solution selling through dynamic questioning.
- Experience in optimising customer experience through various engagement channels.
- Strong presentation skills.
- Curiosity, learning agility, and effective communication.
- Time management skills to handle multiple ongoing projects.
