

Brand Manager, Neuroscience (MS)

Job ID
REQ-10028415
Nov 04, 2024
United Kingdom

Summary

As a Brand Manager - Neuroscience (MS), you will support the global team to co-create brand strategy while ensuring excellence in execution locally, maximising current portfolio while paving the way for new indications pipeline.

About the Role

Location:

This is a UK London head office based role with hybrid working (12 days per month in the office).

#LI-Hybrid

Novartis is unable to offer relocation or visa support for this role: please only apply if this location is feasible for you and you have the right to work in the UK.

Major accountabilities:

- Prepares content of Integrated Brand Teams and Launch Teams.
- Responsible for implementation, monitoring and analysis of agreed tactical plans in order to ensure the growth of the brand(s)
- Lead the development of promotional activities in line with internal SOPs and Code of Conduct guidelines.
- Monitor and control brand budgets, forecasts and expenses and assess the marketing mix of the product to evaluate cost effectiveness and results.
- Identifies area market insights and opportunity via customer interactions
- Executes central marketing activities as well as regional initiated marketing activities
- Monitors product performance and external environment using appropriate tools and taking corrective action if required to meet business objectives
- Collaborate with Marketing and Medical teams to maximize activities: Scout centres, KOLs and OLs by disease within assigned territory Identify specific needs for each segment of patients and the implications of the disease for each of them within assigned territory

Minimum Requirements:

- Significant pharmaceutical brand management experience ideally from within a pharmaceutical company
- Proven experience leading and implementing tactical marketing initiatives
- A blend of execution and strategic experience
- Experience of omnichannel marketing
- Driven, proactive and ambitious
- University degree in business or life sciences is preferred

Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.
