Summary

Internal Role Title: Clinical Research Medical Advisor

Location: Mumbai #LI-Hybrid

About the Role:

We are seeking a highly skilled and motivated Clinical Research Medical Advisor (CRMA) to join our team. The CRMA will be accountable for all country clinical or medical aspects associated with Development and prioritized Research programs/trials. This role involves providing clinical strategic and tactical leadership, optimizing clinical trial implementation, and ensuring adherence to safety standards and clinical data quality.

About the Role

Key Responsibilities: -

- Provide clinical development and indication expertise specific to the country/cluster.
- Validate study designs and make final decisions on clinical/medical trial feasibility.
- Contribute to scientific/clinical/medical aspects of the start-up phase to ensure fast clinical trial site start-up.
- Provide clinical/medical expertise to clinical trial operations team members and clinical trial sites for IRB/EC interactions.
- Develop clinical/medical trial plans to ensure successful trial implementation.
- Provide robust indication, compound, and protocol training to the clinical operations team and externally as needed.
- Support and partner with internal stakeholders regarding clinical trials.

Essential Requirements:-

- Scientific degree MD/M.B.B.S
- Ability to manage a study from the scientific/medical/clinical perspective.
- Demonstrated capability to problem solve and mediate complex issues.
- Effective leadership and communication skills.
- Agility to move quickly across different therapeutic areas and indications.
- Ideally, 3 years of clinical development experience in the pharmaceutical industry or clinical practice.
- Sound understanding of the overall clinical development process and ICH/GCP principles.
