Zusammenfassung

Location: Barcelona (Hybrid)

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

We are looking for a Operational Excellence Specialist to be a partner with the IT site head and other teams on enabling the local organization towards DD&IT (IT) strategy in terms of people engagement and growth, keep track of team effectiveness and adjust based on insights, proactively identifying and analyzing the impact of new trends in the surrounding ecosystem, keeping DD&IT leaders aware and informed.

- Implement initiatives spanning across productivity, people engagement and development for the DD&IT team

About the Role

Major accountabilities:

- Support local DD&IT Site Lead and team in planning and delivering on local DD&IT (IT) roadmap (including but not limited to employee engagement and communications, learning & development, financial reporting and budgeting planning, and day-to-day site operations)
- Coordinate the execution of key operational processes for the location such as: planning and organizing events (townhalls, new employee onboarding, team buildings, managers forums, etc.)
- Drive initiatives to keep the organization's morale high and help associates to focus on the overall priorities for DD&IT and Novartis Operations.
- Develop and implement change & engagement and communication plans and activities on site, in alignment with the global DD&IT Change & Engagement strategy
- Coordinate culture and people-related topics to ensure progress towards inspired, unbossed, curious, and agile organization.
- Contribute to the initiatives led by the Operational Excellence and Planning community to ensure cross-functional and cross-location standardization
- Monitor and measure the effectiveness of change and communications initiatives.

Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Minimum Requirements:

- University Degree in IT / Management related professional education.
- Multi-national global experience~Interactions with senior management
- Strong project management skills with the ability to manage multiple priorities.
- Excellent communication and interpersonal skills.
- Expertise in managing all communications channels including but not limited to email, social media, internal sites, and events.
- Ability to analyze data and develop actionable insights.
- Proficiency in Microsoft Office Suite
- Proven experience in change management and employee engagement.
- Understanding of pharmaceutical industry, including familiarity with business processes in a global pharmaceutical industry will be an added advantage

Languages :

- English fluent
