Japan

Zusammenfassung

The People & Culture Communications Manager is responsible for setting and fostering the people and culture experience of Novartis for Japan associates and external audiences, including potential talent. The person should build a strong relationship with our People & Organization function and be a true thought partner for the team.

About the Role

Major accountabilities:

- Define, manage and execute plan to elevate people and culture experience within Novartis.
- Shape the culture and experience of working at Novartis with both internal and external audiences.
- Generate and own the storytelling aspects of our Novartis culture.
- Serve as trusted business partner and communications strategy counselor our People and Organization team.
- Oversight, ownership and content generation of intranet and internal distribution channels (i.e., email, inbox, distribution lists).
- Ensure proper information and content flow related to associates and serve as voice to People and Organization team.
- Provide communications strategy and implementation to attract potential talent.
- Shape and utilize media opportunities and owned channel to deliver Novartis as a workplace of choice.
- Use analytics and insights to inform strategy and report outcomes.
- Monitor and evaluate performance to achieve and maintain best-in-class outcomes, while being fully compliant.
- Effectively manage budget and maximize agency ROI.
- Lead and maintain stakeholder mapping efforts across the country and ensure strategic management of relationships between media and audience are in line with business objectives.
- Collaboration within Corporate communications team for key milestones.
- Exemplifies a predictive mindset; seeks multidirectional insights to understand our environments and stakeholders, and embraces iterative, measurable experimentation and action.
- Implementation of Objectives/Goals/Strategies/Measures framework, KPIs and Analytic& Insight measures to consistently monitor and predict and conduct performance management in alignment with International CA Strategy and Japan business objectives.

Ideal Background

Education:

- Bachelor's degree or above

Experience:

- 6+ years diversified communications including internal communications or culture engagement and media engagement with a healthcare and/or pharmaceutical background or translatable industry background.
- Social media strategy and implementation within close partnership with businesses.
- Media relations, stakeholder relations,
- Business partnering, P&O business partner a plus
- Creative 'experience' building and content generation
- Management of agency partners and budget
- Event management
- Organizational change management experience

Skills:

- Excellent written and verbal communication skills including narrative writing, content development.
- Excellent business level Japanese in speaking and writing, strong business level English.
- Excellent people & communication skills
- Business and organizational awareness, enterprise perspective.
- Creativity related to content and experience-building.
- Strong interpersonal skills with ability to effectively interact with, counsel and coach P&O leadership.
- Strong business acumen, analytical and critical thinking
- Team approach + individual working style
- Collaborative enterprise mindset with comfort in working in a matrix environment.
- Ability to multi-task and manage complex issues into simple effective solutions.
- Understanding of healthcare industry landscape and culture trends
- Provide direction and removing obstacles to get work done.
- Ability to prioritize & maximize resources.
- Crisis & agency management
- Exemplifies a predictive mindset; seeks multidirectional insights to understand our environments and stakeholders, and embraces iterative, measurable experimentation and action.
