REQ-10028869
Nov 17, 2024
Malasia

Resumen

To coordinate deployment activities for Supply Chain Management, Logistics, Warehouse and Distribution in collaboration with function leads and experts in NOCCs, countries or above countries. To coordinate in NOCCs with process experts and business champions in own functional area.

The role reports to the LDC Adopt Region APMAJC Supply Chain Management Lead.

About the Role

Your Responsibilities:

Your responsibilities include, but not limited to:

- Lead the deployment of LDC Releases of functional business processes ensure deliverables are met
- Collaborate with functional team members to understand and execute the agreed scope of each release.
- Define, allocate and coach the resources required for successful in-country deployment and delivery.
- Work with Adopt Lead to ensure seamless interaction of expertise areas and activities above country.
- Adhere to the LDC template and the confirmed LSTRs in the Deployment process area.
- Engage with internal stakeholders on functional and deployment deliverables.
- Support user acceptance testing to enable local organization endorsement and support for positive "Go" decision.
- Facilitate effective collaboration between Functional and Business experts (e.g. country, NOCC, HUB, etc.) to achieve sustainable process solutions.

Key performance indicators:

- Completion of LDC deliverables according to communicated plan
- Satisfaction with quality of delivered outcome
- Stakeholder engagement

What you'll bring to the role:

Work Experience:

- At least 3 years' experience in country or NOCC functional role
- Experienced working with global teams in a virtual setup, and managing x-functional projects
- Indepth knowledge of processes within supply chain management, logistic, warehouse and distribution
- Managing a team directly or indirectly

Skills:

- Project management, communication, negotiation and coordination, can manage country/plant stakeholders
- Strategic and pragmatic hands-on approach, with ability to make things happen (preparing & running meetings, tracking plan progress, managing risks)
- Role model for Novartis values and behaviors across the organization with ability to motivate people directly and indirectly
- Good understanding of Functional processes
- Business transformation and change management
- Project risk management

Languages :

- English.
