## Resumen

At Novartis Stein Aseptics facility we are producing 40 million units of pre-filled syringes, vials and ampules per year and deliver them as medicines to more than 150 countries. Become part of a demanding, dynamic and quality-oriented team and support us in the quality of innovative, biotechnological products in one of Novartis' most important production plants. We are currently looking for a motivated Postgraduate to join the Quality Assurance (QA) Operations Galenic team.

## About the Role

**Preferred start date:** 01. April 2025

**Duration:** 12 months

**Language requirements:** proficient in both German and English

### Your key responsibilities will include:

- Correct, efficient and timely execution of Batch Record Review of filled bulk drug product batches (syringes, vials, ampoules) in accordance with cGxP requirements and in compliance with registration
- Approval of Equipment related specifications (ESP)
- Active participation in the achievement of product delivery targets (On Time Batch Approval, Supply Delivery Dates, Batch record right first time, Batch right first time)
- QA Oversight on shopfloor of manufacturing activities (compounding, filling, visual inspection, storage of bulk drug product)
- Provides support in the evaluation and execution of investigations of deviations

### Essential requirements:

- Education: Bachelor or Master degree in natural sciences or pharmacy (completed in the past ca. 12 months; no PhD)
- Languages: German: fluent (oral / written); English: very good understanding
- Experience/Professional requirements: not necessarily required but insight into the manufacturing of medicines in the pharmaceutical industry is an advantage

### Desirable requirements:

- Ability to work in a team
- Flexibility
- Open communication and engagement
- Knowledge of Good Manufacturing Practice (GMP)

- Knowledge of MS office and SAP

Please submit a cover letter that includes your motivation for the position and from when you will be available.  
Thank you.
