Résumé

The S2P GPO - Lead Reporting & Analytics will drive excellence in Source to Pay (S2P) data usage across the organization. This role will focus on enhancing the analytical capabilities within S2P, supporting data-driven decision-making. The role will also guide the Reporting & Analytics operating model, working collaboratively with regional service delivery teams and global Digital FRA to ensure it aligns with and supports the overall S2P and FRA strategy and business objectives.

About the Role

Key Responsibilities:

- Sets and owns the strategic S2P Reporting & Analytics roadmap. Establish and maintain robust governance frameworks for S2P KPI and Analytics to ensure consistency, accuracy, and compliance across all reporting activities.
- Oversee the development and implementation of S2P dashboards, predictive analytics, and actionable insights that drive process compliance and continuous improvement.
- Facilitate the transformation of S2P into a data-driven function by championing training programs, sharing best practices, and promoting community exchanges.
- Provide strategic guidance on the Reporting & Analytics operating model, including standard/ad-hoc reporting, delivery structures, and RACI matrices.

Influence the adoption of best practices and tools in reporting and analytics across regions, promoting standardization, consistency and data-driven decision-making.

- Partner with the FRA Data & Digital team to ensure S2P KPIs and analytics is utilized effectively by above-process performance management and digital assurance, in alignment with the overall FRA strategy.
- Build strong partnerships with regional service delivery teams to ensure that reporting and analytics practices are consistent and support the S2P strategy.
- Collaborate with other process Reporting & Analytics leads to set standards, promote best practice and leverage common platforms
- Drive continuous improvement initiatives within S2P reporting and analytics to enhance accuracy, efficiency, and strategic impact.

- Monitor industry trends and benchmark S2P reporting practices against best-in-class standards to ensure ongoing innovation and relevance.

Key Requirements:

- Bachelor's degree in Finance, Data Analytics, Business Administration, or a related field.
- Proven experience in a reporting and analytics role, ideally within a global S2P or procurement function, with a strong understanding of global standards and best practices.
- Strong understanding of KPI frameworks and data-driven decision-making.
- Excellent governance and project management skills, with experience in managing complex, cross-functional initiatives.
- Ability to collaborate in a global environment across different levels of the organization and with diverse teams, including global, regional, and in-country groups.
- Strong communication and presentation skills, with the ability to translate complex data into actionable insights for senior stakeholders.
- Experience in S2P or procurement processes within the pharmaceutical or healthcare industry.
- Familiarity with advanced analytics and data visualization tools, such as Celonis, Alteryx, Power BI, Qlik, Tableau, or similar.
