

Associate HE & OR Manager

Job ID

REQ-10021552

Sep 16, 2024

Royaume-Uni de Grande-Bretagne et d'Irl. du Nord

Résumé

This role will support the HE&OR team in the development of health technology assessment (HTA) strategies and plans which are aligned to brand plans for new and existing products. You will also support management of cross-functional teams in the development and submission of evidence dossiers to NICE, SMC and AWMSG.

About the Role

This is a UK London Head Office based role with hybrid working which means at least 12 days per month in the office. The Head office is based in White City in West London.

Novartis is unable to offer relocation or visa support for this role: please only apply if you live in an accessible location in the UK and you have the right to work in the UK.

#LI Hybrid

Responsibilities:

- Support development and communication of health economic value arguments for new and existing products
- Support development of HTA strategies and plans for new and existing products
- Support management of internal and external stakeholders & vendors to develop, adapt and validate HTA deliverables including regional/global teams.
- Support management of cross-functional teams in the development of high quality HTA submission dossiers and high quality responses to consultations, questions and requests from HTA bodies.
- Support the management of HTA budget to ensure HTA deliverables are delivered on time and according to budget
- Support/Lead interactions with HTA bodies (SMC & AWMSG) with regards to launches of new formulations of existing medicines
- Publish HE&OR research at congresses and in peer reviewed journals
- Engage with horizon scanning processes to ensure timely external awareness of new medicines/indications and appropriate HTA routing

Requirements:

- Degree level education in Economics, Medical/Health Sciences or Pharmacy
- Post-graduate qualification desired, or being studied towards, in Health Economics, Statistics, Epidemiology, Health Policy, Health Sciences or related field

- You will have worked in another pharmaceutical company or a consultancy specialising in pharmaceuticals, ideally giving you exposure to HTA projects, health economic model development and/or evidence generation projects to support HTAs
- Project management skills
- Commercial awareness
- Understanding of the UK health environment and NHS

Commitment to Diversity:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.
