About the Role

Key Responsibilities:

1. Administration of project database:

- Track and document all ongoing projects, including the addition of newly agreed projects to the project databases for all contracts governed by the team.
- Develop and optimize forms and records to accurately document project status, invoicing, and approvals.
- Ensure the correct storage of all relevant project documentation.

2. Overall project controlling:

- Take responsibility for monitoring and controlling project costs, timelines, and other relevant factors.
- Identify and address any issues or risks that may impact project delivery.

3. Collaboration with Key Account Managers and sites:

- Work closely with the relevant Key Account Managers to ensure effective project management and customer satisfaction.
- Collaborate with the manufacturing sites to optimize project tracking and ensure accuracy of project information.

4. Overview of ongoing projects:

- Maintain a comprehensive overview of all ongoing projects, providing regular updates to internal stakeholders and presenting project status to the customer.
- Ensure clear communication and documentation of project details, milestones, and deliverables.

5. Support in the preparation of work orders:

- Assist in the preparation of new work orders and changes to existing ones.

- Ensure that all documentation complies with relevant legislation and professional standards.

6. Obtain necessary approvals:

- Take responsibility for obtaining all required approvals before initiating projects.
- Collaborate with internal and external stakeholders to navigate necessary approval processes.

Essential Requirements:

- Bachelor's degree in a related field (e.g., Project Management, Business Administration)
- Proven experience in project management, preferably in a manufacturing or pharmaceutical environment
- Proficient English
- Strong organizational skills and attention to detail
- Excellent communication and interpersonal skills
- Ability to work collaboratively and effectively with cross-functional teams
- Proficient in project management software and MS Office suite
- Knowledge of relevant laws, regulations, and standards related to project management
- Ability to work independently and prioritize tasks effectively

You'll receive:

- Monthly pension contribution matching your contribution up to 3% of your gross monthly base salary
- Company Shares Program
- Risk Life Insurance (full cost covered by Novartis)
- 5-week holiday per year (1 week above the Labour Law requirement)
