Résumé

The Sourcing Manager REFS (Real Estate Facilities Services) is responsible for aligning globally and locally with respective REFS, Finance and Procurement Stakeholders (Business Partners) to implement Procurement projects and strategies to realise key productivity targets. Provides end-to-end category and project management in the areas of Capital Projects, Real Estate and IFM Services. This is done through alignment of business requirements, operational excellence, strategic sourcing and negotiation expertise, supplier market intelligence, financial productivity and mitigation of risk.

About the Role

You are applying to be part of the Novartis Talent Pool. We are not currently recruiting for this role but we are building a pipeline for future opportunities. If you would like to be considered for a similar position in future, then please submit your CV.

Major accountabilities:

- **Provide day-to-day Procurement services**
- Definition when no category strategy in place above strategic threshold (incl. negotiation strategy), approval, communication.
- Accountable for and carefully monitor and support sourcing execution and negotiation performed by the buyer (also acts as an escalation point).
- Maintain strong information flows back to the Regional/Category team for opportunities to aggregate demand and generate additional leverage.
- Ensure operational Procurement requests are executed in line with category strategies, and in compliance with relevant policies and operating procedures, including preferred supplier agreements
- Contribute to overall savings opportunity identification and delivery.
- **Demand management**
- Responsible to ensure the right balance between business needs and Novartis' strategy.
- Accountable to work with stakeholders to identify the most cost-effective ways to deliver business objectives.

Key performance indicators:

- Planning and achievement of productivity targets, overall value proposition and priorities as agreed with the business and procurement stakeholders.
- Increase Procurement effectiveness (realize the benefits of productivity and process improvements such as,

outsourcing, cross-divisional Category management, etc.).

- Cash flow contribution (extending payment terms with major suppliers with / without Supply Chain Finance).
- Compliance to mandated processes and guidelines (Responsible Procurement, Anti-Bribery, NP4, etc.).

Financial Responsibility

Minimum 25 million USD globally / regionally in spend and financial impact

Requirements

- University/Advanced degree is required.
- Master's degree/other advanced degree in fields such as business administration, finance, law or a scientific or technical field is preferred.
- Strong preference for CIPS or similar professional qualification.

Experience

- > 5 years of Procurement experience and contracting experience.
- Experience in procurement of capital projects, real estate and IFM services (preferred), construction or facilities services
- Solid experience in navigating in global, matrix organizations and across geographies and cultures.
- Extensive experience in sourcing processes (e.g. RFI/RFQ), negotiation strategies, project management, good communication and collaboration skills as well as market analysis capabilities to drive operational excellence.

Languages

Excellent spoken and written English. Other languages, especially German desirable
