Résumé

Location: Barcelona
#LI-Hybrid

In this role you will act as an advisor within the Clinical Data Operations team, providing guidance to challenge and improve global business processes, products, services, and software through data analysis. You will engage with global business leaders and leverage the appropriate Data Digital and IT (DDIT) teams and Functions to determine requirements and deliver data driven recommendations to improve efficiency and add value.

About the Role

Role Responsibilities:

- Collaborate with the Clinical Data Ops team under Global Clinical Operations IT, including technical leads, business partners, and other business analysts.
- Partner with the business to shape technology solutions and ensure alignment with the business technology strategy.
- Manage and deliver projects such as SAAS implementation, home-grown solution development, data review solutions, and automation work.
- Act as an advisor to improve global business processes, products, services, and software through data analysis.
- Ensure consistency and traceability between user requirements, functional specifications, and testing and validation.
- Support validation and testing as appropriate and ensure adherence to Security and Compliance policies and procedures within Service Delivery scope.

Role Requirements:

- Worked in prior Business Analysis role for minimum of 10+ years in large matrixed organization.
- Strong stakeholder management, collaboration skills as well as an adaptable communication style
- Experienced in understanding business and domain terms and language and translate them into requirements.
- Proven ability to challenge and improve local/simple business processes, products, services, and software through data analysis.
- Experienced in delivering data driven recommendations to improve efficiency and add value

Preferred:

- Expertise with 5+ years' experience in Pharma R&D Development knowledge of Business Processes.
- Experienced with 5+ years in Clinical Data Management and workflows

Languages: English

You'll receive: You can find everything you need to know about our benefits and rewards in the Novartis Life Handbook. <https://www.novartis.com/careers/benefits-rewards>

Benefits in Spain include Company Pension plan; Life and Accidental Insurance; Meals; Allowance or Canteen in the office; Flexible working hours.

Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

This role is based in Barcelona, Spain. Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you.
