fév 19, 2025
Chili

Résumé

Location: Santiago

About the role:

The Radioligant Therapies Lead will evolve globally created early brand strategies, such as the Integrated Product Strategies (IPS) into a competitive, truly cross-functional launch plan that is fit-for-purpose for core IMI markets and sets a foundation of launch success for Novartis' next blockbusters. Supports strategic, cross-functional decisions for International and above-brand strategic initiatives, incl. partnerships, policy shaping, and for launched assets, will monitor and respond to major events and competitive landscape developments.

About the Role

Key Responsibilities:

- Accountable for delivering the RLT sales, market share, and profitability to meet or exceed budget targets.
- Defines, develops and oversees short and long-term strategic marketing (and sales) plans in line with regional & global marketing strategy.
- Monitors market trends, sales and product performance, conducts regular reviews against plans and takes corrective action as required.
- Responsible for the budget and financial performance of the unit.
- Ensures alignment to all Ethics, Risk & Compliance policies and manage key processes.

Essential Requirements:

- University degree
- Validated experience in leadership and commercial roles within the pharmaceutical industry working with prostate cancer
- Deep understanding of the national healthcare system
- Validated experience in launch projects
- Proficient in English & Spanish
- Cross-functional collaboration and leadership
- Strategic mindset / agile learning
- Availability to do up to 30% of field work
